Coin systems

- Prepared for coin systems with coin changer and Multivend according to MDB or BDV or Executive standard

The DELI deep-freezer vending machine is a cool salesman, because its large shop window allows presentation of up to 32 different varieties of pre-packed ice cream to tempt impulse buyers.

It is also suitable for other frozen products such as pizzas, baguettes, hamburgers or small snacks. In other words: anything that can be appetizingly presented deep frozen.

Refrigerator

- Powerful refrigerator, adjustable from -21°C down to -24°C
- Compact design for easy maintenance, easy to exchange
- Programmable electronic refrigerating controller with Real-Time-Clock for defrost regulation
- Temperature control to block vend operation if preset temperature limit is exceeded

Optional

- Infrared interface for data transfer
- Cashless payment systems
- Special RAL colours available
- 5 trays
- spirals for 5 or 6 products available

Power supply

- 230volts, 50 - 60cps

Dimensions

- Height 183.0cm
